Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If the period for reply specified above is less than thirty (30) days, a reply within the statutory minimum of thirty (30) days will be considered timely.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 34-64 are rejected under 35 U.S.C. 102(e) as being anticipated by Sheehy (U.S. 5,653,732).

As to claims 34-40, 43, 45-48, 52, 54-58, and 60-63, Sheehy discloses in figured 3 and 4, a tapered stem (at 48); an areola region (38) connected to the proximal end (at 42) of said stem (at 48); and a bulbous region (36) being connected to said areola region (38), wherein said areola region (38) is substantially concentrically aligned with said bulbous region (36) when viewed in a top view and wherein said proximal end of said stem (48) has opposing sides with inwardly concave shapes when view in a front view; an annular edge (40) disposed between said areola region (38) and said bulbous region (36); and further comprising a flange (60).

As to claims 41, 42, 44, 49, 51, 53, 59, and 64, wherein said areola and bulbous regions (18,16) and stem (at 17) as disclosed by Sheehy appears to have dimension as claimed, due to its being used on baby's mouth.

Response to Arguments

Applicant's arguments filed 03/16/05 have been fully considered but they are not persuasive. With respect to claims 34 and 57, the Examiner disagrees with Applicant's remarks that figure 4 of Sheehy patent fails to teach: a) the proximal end of stem (42) has opposing sides with inwardly concave shapes when viewed in a front view; b) the areola region and the proximal end of the stem being connected to form an inwardly smooth concave surface. These are simply not convincing. It is clear from figure 4 of Sheehy that between the proximal end of stem (42) and stem (48) has opposing sides with inwardly concave shapes located at (46) and wherein the areola region and the proximal end of the stem connected to form inwardly smooth concave surface. With respect to claim 45, wherein figure 4 of Sheehy clearly shown only two curved portions which are the areola region and the bulbous region. The examiner has maintained the grounds of rejection under 35 U.S.C. 102 (b) as being anticipated by Sheehy for the reasons as set forth in the above and previous office action.

Conclusion

1. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

Art Unit: 3731

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
